

To Whom It May Concern,

I would like to write a letter of recommendation for Daniel Jolley. Daniel has been providing entertainment for Loon Mountain Ski Resorts for the last two years during the winter season. We were referred to his expertise from another performer whom we had worked with in the last that no longer could assist.

Daniel has been a great performer, shown a positive attitude, and always conducted in a professional manner. He really gets people engaged in a fun and assertive way which is great for our guest as a whole. He has always been reliable, easy to work with, and timely in each performance we scheduled.

I would recommend hiring Daniel for any performance or job task that you would need completed. Please feel free to call me directly if you wish to discuss further. We have been very grateful to have had Daniel work for us and hope to in the near future.

Jonathan Sartorelli
